Dear Mr. Jolly:

Re: Jamaican Canadian Centre

I am writing on behalf of my colleagues on the board and the entire membership to express our sincere thanks and gratitude for your strong support for our community centre.

I am also confirming our recent telephone conversation in which you agreed to increase your contribution to \$5,000 and as acknowledgement for this we will name one of the classrooms in your honour.

It is because of supporters such as yourself that our dream of our own community centre is being realized.

Please remember that the official opening will take place on August 7th and we look forward to having you with us to celebrate this important milestone in our history.

Again, many thanks for your continued support.

Yours in solidarity,

Herman Stewart
President
